

General and Special Safety Precautions for *The English Conversation Club*

Here are some of the general precautions IFI has taken to protect students and volunteers from the COVID-19 virus.

1. We ask volunteers and students who participate to take precautions and be aware of the safety risks on the Centers for Disease Control (CDC) web page: <https://www.cdc.gov/coronavirus/>
2. We ask that volunteers and students who have symptoms, have been diagnosed with COVID-19 or been exposed to someone diagnosed with COVID-19 in the last 10 days not participate.
3. We ask students and volunteers to follow current CDC guidance.
4. Masks are required of all participants unless fully vaccinated against COVID-19.

Special Safety Precautions Checklist

Please download and print or save these precautions for future use.

Required:

- Read and agree to abide by the precautions listed above.
- Participants will keep a safe [social distance](#) (6 feet) and wear a mask whenever required by OSU or requested CDC guidance. **No hugging or shaking hands please.**
- Chairs and tables are spaced out 6 feet apart so that those who are not in the same household will be sitting away from each other.
- When driving in a car with a host/student, will keep the windows down whenever possible, wear a mask, and international guest(s) will sit spaced out in the back seat.
- Participants understand and accept the CDC guidelines may change at any time and will take the appropriate actions to comply with them.
